

Florida's Charter School Sector

The Department of Education published the attached Student Achievement in Florida's Charter Schools report highlighting the academic performance of charter schools versus traditional schools. This report is based on data from the 2021-22 school year.

In 2023 the Department created the updated "Fact Sheet" highlighting the total charter school enrollment numbers from the 2022-23 school year.

The FCI developed the attached Florida Charter School Environment report with enrollment data from the 2023-24 school year, and assessment results from the 2022-23 school year.
